VOL. XXVI, NO. 112 GAINESVILLE, FLORIDA, THURSDAY, JUNE 17, 1909 TEN CENTS A WEEK

SIGNATURE IS FALSE SAYS MRS. CLEVELAND

Widow of Former President Denies on Stand Her Husband Signed Article Brandenburg Sold.

NEW YORK, June 16.—Mrs. Frances Folsom Cleveland appeared in public yesterday for the first time since her husband's death to testify for the prosecution in the case of Broughton Brandenburg, a magazine writer, who is charged with selling The New York Times a political article purported to have been written by former President Grover Cleveland.

Mrs. Cleveland was dressed in deep mourning, but was self-possessed, though pale, while on the stand. She declared emphatically that the signature to the article in question was not that of her husband. Also she pointed out the differences between the signature and the genuine Cleveland signature as it appeared on several checks which were handed to her.

The former President wrote with a very unsteady hand during the latter years of his life, the witness said, whereas the name signed to the Brandenburg article was written in a comparatively bold, legible hand, more like that of Mr. Cleveland during his younger days in the White House.

When Mrs. Cleveland entered the court room Justice Fitzgerald, Assistant District Attorney Nott and the other court officials arose and bowed low as a mark of respect. A large crowd gathered to hear the testimony of the former "first lady of the land."

Mrs. Cleveland told about meeting John G. Carlisle and F. S. Hastings, an executor of her husband's estate, in this city, and discussing the article which appeared in The New York Times, August 30, 1908, over Mr. Cleveland's signature.

"Did you hear Mr. Hastings say that the signature was genuine?" asked Samuel Bell Thomas, counsel for the defendant.

"No," answered Mrs. Cleveland. "I did not hear him say one way or the other at the time."

"Did you authorize him to say it was genuine?" asked the lawyer.

"No, I did not," said the witness emphatically.

"Did you send a statement to The New York Times in regard to this article?" asked Mr. Thomas.

The witness said she did, and she produced the telegram.

Mrs. Cleveland said she authorized Mr. Hastings to write The Times, and say that they quesitoned the authenticity of the signature to the article. Mrs. Cleveland said she had received a letter and only one from Mr. Brandenburg in regard to the article, early in August, 1908. She could not remember of ever talking with the defendant over the telephone in regard to the matter.

"Did you read the statement itself when it appeared in The Times?" asked Mr. Thomas.

"Oh, yes; I read it very carefully," Mrs. Cleveland replied.

Mr. Nott related the incident leading up to the publication of the letter. He said that the State would show that Brandenburg waited until Mr. Cleveland died before he attempted to sell the article purporting to have been signed by Mr. Cleveland.

On redirect examination Mr. Nott asked the witness if she had authorized Mr. Hastings to write The New York Times and say that the signature on the disputed article was genuine. She said she had not. Mrs. Cleveland was then excused.

C. M. Lincoln, Sunday editor of The New York Sunday Times, testified that he had received the "Grover Cleveland" article from Brandenburg about a week before it was published, August 30, 1908. Brandenburg had seen him and talked with him about the article a few days before that. Brandenburg, the witness said, told him it was one of three Mr. Cleveland had promised him to write early in the year bearing upon the campaign, but that sickness had prevented Mr. Cleveland from writing more than the one article.

Court adjourned until Thursday morning.

Little Watermelons Have Been Introduced

WASHINGTON, June 16.—Individual watermelons about the size of a cantaloupe, of delicious flavor, in color yellow and red, which can be grown in any section of this country, have been introduced through the department of agriculture by Horace G. Knowles, former American minister to Roumania, who discovered them in the foothills of the Carpathian mountains in Roumania.

For use in hotels, restaurants, clubs, on dining cars and elsewhere, the new arrival will fill a long felt want. Extensive experiments have been made by the department through its numerous stations, which prove that climatic conditions, soil, etc., in practically all parts of this country are adapted to the growth of the melon.

This season a large quantity are being raised by the Government for the purpose of seed propagation and for the introduction to the public.

It is proposed to name the new melon Princess Marie, in honor of the crown princess of Roumania, whose guest Mr. Knowles was when he discovered the melons.

Is Sent to Sing Sing For Theft of Penny

NEW YORK, June 16.—Thomas Qualie was standing in front of a Fulton street lodging house one night six months ago, gazing at the last penny he had in the world, which he held in his hand, when John Curran snatched it from him and ran away.

Curran was yesterday sentenced to two and a half years in Sing Sing prison for the theft.

DISASTROUS FIRE FROM LIGHTNING

S. P. SHOTTER LOSES STABLE, DAIRY AND GRANARY.

Beautiful Country Home of Wealthy Naval Stores Man Also Had Narrow Escape.

SAVANNAH, June 16.—Lightning which struck the granary at Greenwich Park at 3 o'clock Tuesday afternoon was the cause of a fire that threatened the beautiful country home of S. P. Shotter, president of the board of directors of the American Naval Stores Company. The granary, mule stables and dairy were destroyed.

While the Shotter family was at dinner the members were startled, and almost stunned by the blinding flash of lightning and crash of thunder. The bolt had struck the northwest corner of the granary, 100 yards west of the home. Miss Belle Shotter ran through the heavy rain to the stables, where she helped direct the light on the flames, which immediately broke forth.

W. S. Powell, one of the employes at Greenwich Park, was the first to gain the roof of the granary after it was struck. He declared that the lightning had struck a straight path downward through the entire building, and the woodwork between the tin roof and the metal lining of the interior had taken fire. Under Mr. Powell's direction the hastily gathered vounteer department fought furiously against the onslaught of the blaze, but in vain. The driving rain had no effect in quenching the fire.

NEGRO LYNCHED NEAR ARCADIA ON TUESDAY

ATTEMPTED CRIMINAL ASSAULT CAUSED QUICK JUSTICE.

Negro Was Found Near the Scene of Crime and Lynched an Hour After Brutal Act.

TAMPA, June 16.—Word reached here just before the telegraph offices at Arcadia were closed that a negro was lynched there late yesterday afternoon for an attempted criminal assault on Mrs. P. R. Reed, wife of a prominent citizen of Arcadia. A posse was formed as soon as the news of the attempted crime spread and within an hour the negro was captured within a short distance from the scene of the crime and lynched. This makes the second lynching for attempted criminal assault in this section in the last six weeks.

CAN'T BUY WHISKEY ON CREDIT IN GEORGIA

ATLANTA, Ga., June 16.—In an opinion rendered Tuesday, the court of appeals holds that a transfer of whisky, upon a promise of pay at some future day, constitutes a legal sale, and is therefore in violation of the prohibition law. W. S. Finch of Rome was convicted of violating the statutes, and appealed the case on the ground that he received no money for the whisky he was alleged to have sold. This point was overruled, but the court reversed the decision because of the introduction at the trial of irrevelant testimony calculated to be prejudicial, and Finch will get a new trial.

PHILIPPINE TARIFF IS DISCUSSED IN SENATE

Senator Bacon of Georgia Engages in Colloquy With Senator Aldrich in Discussing Measure.

WASHINTON, June 16.—Declaring that tobacco grown in the Philippine Islands was unfitted for the American market because of inferior quality, Mr. Bulkely of Connecticut opened the day's debate in the Senate.

He opposed the Philippine tariff amendment and insisted that its enactment into law would do the Filipinos no good.

"Teach them," he said, "that the way to make a market for their tobacco, sugar or anything else is to produce a superior quality and there will be a natural demand for them."

Mr. Bulkely offered an amendment providing that the 300,000 gross tons of wrapper tobacco and filler tobacco to be admitted to the United States from the Philippine Islands free of duty shall be "unstemmed," that number of cigars to be admitted free shall be 70,000,000 instead of 150,000,000 and that the amount of free filler tobacco shall be reduced from 1,500,000 pounds to 1,000,000 pounds.

Senators Penrose, Jones and Fletcher approving this proposed change as satisfactory to the tobacco interests of their States, Senator Aldrich promptly on behalf of the finance committee accepted these amendments.

An extended colloquy between Senator Bacon and Senator Aldrich occurred with reference to the duty that would be lost because of the free entry of 70,000,000 cigars.

Mr. Aldrich said that he could not speculate upon any loss of revenue on account of the free entry of cigars because he did not know what quantity of such cigars would pay duty.

Mr. Bacon asked why it was thought necessary to make such a provision for 70,000,000 if the cigars would not actually be brought into the country. Mr. Aldrich replied: "It is to encourage a people who are under the United States flag."

Mr. Bacon insisted that such legislation as was proposed by the committee would only bind the Philippine Islands to the United States to the detriment of the Philippines.

Mr. Foster announced his intention of presenting an amendment to the committee's Philippine section. This announcement prevented a vote being taken immediately on the committee's proposition and Mr. Owen was recognized to make a general speech on the tariff.

A new schedule assessing duties on silk and silk goods was submitted. The substitute for the House provision was offered by Mr. Aldrich for the finance committee.

Upon motion of Mr. Aldrich, the committee amendment reducing the duty on unmanufactured sulphate of baryta of barytes from $1.50 to 75 cents per ton was disagreed to, the higher House rate being retained.

Mr. Aldrich also reported from the committee on finance amendments reducing the duties on the window glass schedule. The reductions as stated by Mr. McCumber made the rates below those of both the Dingley and the House bill.

Complying with the wishes of both Senators Scott and Dick, the window glass amendment was allowed to lie over until tomorrow.

Another amendment offered by Mr. Aldrich and adopted, reduced from 25 to 20 per cent ad valorem the duty on osier and willow for basket making.

Quit Salvation Army For Career of Crime

PARIS, Ill., June 16.—Thomas McCarty, known as "Red, the Bad," a paroled convict from the Indiana State prison, is under arrest here on three charges of burglary and theft. McCarty was paroled by Governor Marshall, and has a Bible inscribed as a gift from Governor and Mrs. Marshall. He has been ostensibly engaged in Salvation Army work and since his arrival here several days ago has been staying at the home of Captain Charley Smith, of the local Salvation Army corps.

Monday night he stole a sum of money from Captain Smith, it is alleged, and took a bicycle, which he abandoned a few miles out of town, owing to the punctured tire. He returned to this city and when arrested was trying to dispose of another wheel, which, it transpired, had been stolen from a dealer at Terre Haute.

New Counterfeit Bill Now in Circulation

WASHINGTON, June 16.—A new counterfeit $5 note, so crude in workmanship that it cannot escape detection by the eyes of a careful handler of money, has just been discovered and reported to the secret service bureau.

The note purported to be of the series of 1907 and bears a portrait of Andrew Jackson. It is a poor photo-mechanical production on a single piece of paper. No attempt was made to imitate the silk threads of the genuine and all the fine work is badly blurred.

The counterfeit first came to the notice of an employe of the Irving National Bank of New York City, and a report of the matter was sent to Chief Wilkie. An investigation was at once inaugurated in an effort to ascertain the source of the spurious money.

CANDIDATES POLLING HEAVY VOTE NOW

BIGGS POWELL AND WAITS AGAIN SEND CLUBS TO SUN.

Interest Seems High in All Country Sections, and Merchants Are Receiving Liberal Trade.

Voting the past two days in the Co-Operative Contest has been rather heavy, but only two whole clubs by Misses Powell and Waits have been received at this office, which shows that the merchants are issuing a large number of coupons to their customers in every section, and there is hardly a day but that some party from the country is here working for votes and trading.

Within a very short while we will present more pictures of Sun workers, that the general public may have a better idea as to whom they are casting their ballots for.

To the young ladies that desire same, we will furnish them with a list of all the subscribers for their section of the county, which will assist them in securing clubs, and they can work better for new subscribers, while they will also be entitled to get the parties to renew their subscriptions through them.

GALA DAY FOR TRENTON.

Business Men Have Arranged for Elegant Program on July 3rd.

The business men of Trenton have arranged for a grand celebration at that place on Saturday, July 3rd, and extend an invitation to the people of all the surrounding territory to be present on this occasion.

A grand old-style old-fashioned picnic will be given by the good people of that section, which is noted for its royal hospitality, and the business men have generously donated to make the day one of pleasure for all that attend.

Speakers have been requested to address the gathering, among the number being Capt. G. M. Lynch and W. W. Colson of Gainesville, and a brass band will be secured to dispense sweet music for the day, probably the Gainesville Brass Band, who have already been written to for their services.

This event will be a glorious celebration of the Fourth, but as that falls on Sunday, it was deemed best to have the exercises on the Saturday preceding.

NEW AUTOS ARRIVE.

Drs. Lartigue and Dell Both Have Handsome Runabouts.

Another car load of automobiles arrived in the city yesterday which were ordered through the agency of Lartigue & Lillienbium, who will handle the Ford car exclusively.

The machines that arrived yesterday are the property of Dr. J. M. Dell, Dr. Lartigue, R. E. Lartigue and B. Lillienbium, the latter car to be used principally as a demonstrating car.

While these machines have been ordered for the past several weeks it was impossible to get delivery sooner owing to the overcrowded condition of the factory.

SERIOUS SHOOTING NEAR ARREDONDO

SOMMER GEORGE WOUNDS ED SOLLAR TUESDAY NIGHT.

Had Previously Had Some Words Over a Woman, and Began Shooting After Leaving the Train.

Ed Sollar was brought here yesterday from Arredondo, having been seriously shot by Sommer George, another negro, shortly after both parties had left the train at Arredondo Tuesday night.

They had previously engaged in hot words over a woman, Rebecca Gibbs, and the shooting was the direct cause of the trouble between the two men, both of whom had been drinking during the day and were more or less under the influence of "booze" at the time.

Rebecca stated that she was employed by Sollar to do his cooking, and George was jealous because she would not wait upon him, and for this he managed to pick a quarrel between them on the train, but failed to go further with the affair until after they had reached Arredondo.

He first made his attempt to kill her, drawing the pistol and stating that unless she would quit Sollar and go with him he would kill her, whereupon Sollar appeared upon the scene and at once began firing at the man, emptying his gun of five rounds, part of which took effect in the right thigh.

Following the shooting George made his escape and had not been captured up to a late hour yesterday, but it is thought that he is only laying out hiding until a few days, when he will again put in his appearance.

FREE SHOW FOR FRIDAY.

Moving Pictures at New Baird Will Be Free for All.

N. Francisco has leased the moving picture show for Friday night at the New Baird and will give all of his patrons a free ticket on this occasion.

S.S.S. NATURE'S PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S. S. S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body. DAVIS IS IMPROVING BALL PARK AND ROAD

FINE WORK TO BE SHOWN UP DURING NEXT WEEK.

Has Had Lot Cleaned Off and Diamond All Clayed for the Season's Work.

Manager Davis is making great improvements at the ball park for the first game of the season, which will be played here sometime during next week.

He has had the whole of the lot mowed off and the diamond clayed, which will make it much faster for the ball twirlers and a great improvement over the old rock diamond.

Another important improvement made by Mr. Davis is having sawdust and shavings hauled and placed along the roadway from the city to the park, not only to allay the heavy dust but to make it better on both vehicles and pedestrians.

Owing to the non-arrival of some of the men and the limited amount of practice the boys have had together, Mr. Davis cancelled the date with Cordele, Ga., but will meet them in the near future. He is not certain at the present time as to which team will be here to meet the boys during the coming week.

Another improvement badly needed at the park is some provision for the comfort of the ladies in the grand stand. It needs repairing and more netting should be placed to screen it from the ball.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act *is* successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

BUDDINGER BUILDING WILL SOON COMMENCE

TWO FINE HOMES TO BE ERECTED WITHIN A SHORT WHILE.

Has Abundant Faith in Future of Gainesville and Investing Liberally in Realty.

The Eddins Manufacturing Company have secured two more contracts for the erection of handsome buildings in this city, these to be the property of F. B. Buddinger.

It will be remembered that Mr. Buddinger, J. R. and W. R. Eddins purchased recently some very fine residence lots from Dr. J. H. Hodges near the Fennell residence, and Mr. Buddinger has decided to build at this time.

Before leaving for the North he wanted all of his business affairs arranged, with the result that he has let the contract for the two buildings a little early and tney will be built as soon as the material can be placed on the ground.

The Messrs. Eddins will very probably build upon these lots in the early fall, unless they can catch up in their contracts and erect buildings earlier.

J. R. Eddins, president of the company, stated Wednesday that they were now figuring on more improvements and buildings than ever before in the history of the city, and he looked for a great boom the coming fall, when Gainesville is to be placed on the tourist list and all stopover privileges allowed for this city.

PINKOSON MAKES A CATCH AT NEWBERRY

DEPOT WAS ENTERED AND HE CLEVERLY LANDS PARTY.

Caught Him Tigering Some of the Booze That Was Taken from the Place.

Special Agent Pinkoson of the Atlantic Coast Line has returned from Newberry with Jim Wilson, a negro, in charge, having been found in possession of a quantity of whiskey stolen from the warehouse at that place during the first of the week.

The officer was notified of the theit of the whiskey and clothing which was taken by the depot being broken open at night, and he went immediately to the scene and worked up the case against the negro.

He found the man not only in possession of some of the whiskey, but also caught up with his having sold some of the same, but was unable to locate any of the clothing.

This is only one among quite a number of fine cases the officer has worked up within the past few months, and he is proving one of the most successful men ever employed here in this line. It is really seldom that he is placed in charge without some result, and the above case is a fair sample of the rapid manner in which he goes after them.

If the darkey had any accomplices in the case of breaking and entering it has not been learned.

HOW TO GROW FAT

A Lazy Stomach the Cause of Thinness Nine Times in Ten.

If you are thin or lean, have scrawney arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach; belching of gas, heaviness after eating.

Everywhere you go you hear Gainesville spoken of as the best inland city in Florida. To see Gainesville is to fall in love with the town and her people.

How long will the City Council let the present discriminative Sunday closing ordinance remain on the statute books? It should be properly amended or repealed at once.

A record haul to Tidewater of 4,310 long tons of coal by a single engine on the Virginia Railway demonstrates forcibly the economic advantages of modern construction and equipment.

Many of our people are preparing to attend the great exposition at Seattle. If the editor can get enough of the "wherewith" he will be among the number to take a peep at this great show. But the question with us is: "Where is it to come from?"

If we were looking for somebody to buy and had nothing but a railroad pass with which to buy him, we would look up the fellow who is howling loudest about the danger of the press being "debauched" by permitting newspapers to receive a "free pass" in exchange for advertising.—Lakeland News.

Some of the Florida newspapers are now taking a "whack" at the Hon. R. Hudson Burr, chairman of the Florida Railroad Commission, for devoting much of his time during the past session of the Legislature lobbying for or against certain measures pending before that body. Mr. Burr was not alone, gentlemen. "There were others," most prominent among them being former Governor Broward.

According to The Pittsburg Gazette-Times, Rudyard Kipling owes his first arrival in print to a Hindoo who was not in the least appreciative of his work. The famous writer was acting as assistant editor of an Indian paper and in his spare time amused himself scribbling verse. This verse sometimes crept into the paper through the connivance of the native foreman, who remarked to Kipling one day: "I like your poetry much. It is so useful for filling in odd corners."

Those who find fault with the new pension law should remember that in proportion to wealth Florida pays more in pensions than any other State, the amount for the past fiscal year being $730,855.31. It must be admitted that this is a heavy pension charge against a taxable wealth of only $159,903,230. In this connection an authority says South Carolina appropriates for her pensioners $252,343.60; Tennessee, $375,000; Texas, $500,000; Alabama, $778,361, and Georgia, for the year 1907, $932,685.65. Florida pays her Confederate pensioners more than twice per capita the amount paid by any other State.

BROWARD'S LEGISLATURE.

The Punta Gorda Herald credits former Governor Broward with being "the only man in the State who could influence or control the mob known as the Florida Legislature, which dispersed last Friday night. It is said that he organized it at the beginning, and he was certainly there when it disbanded. Nearly all of the mob, including a large majority of the citizens of Jacksonville, had agreed upon a charter bill for Jacksonville and it was going through the Legislature with a rush when Broward heard of it and went up there and had it amended so as to make it utter foolishness. It is said that he did this to prevent his friend, J. M. Barrs, from losing under the bill the office of city attorney. That's the kind of friend to have; that is, Broward is.

"This remarkable man is a problem. He poses as a patriot aiming only at his country's good, but he has done some things that discount the claim. Yet he can explain every thing he does or intends to do in the most plausible, forcible and captivating manner. We do not know whether he is sincere or not, nor what is his chief object, but we are afraid of him as a public man. Why? Because he impresses us as one who, when he wishes to do anything, will steam up a "Three Friends" to carry it through regardless of obstacles, legal or political. We do not mean that he is an immoral man; far from it; but if the law or political obligations are in his way, they must stand aside or open up an avenue for him to get through.

"Though defeated twice, the indications are that Broward is not yet done with us nor we with him, and we don't care, for he is a lively fellow and we admire him while throwing stones at him. Without him, a campaign would be a rather dull affair, and the people should be grateful to him for keeping alive their interest in politics."

WEIGHT OF THE BRAIN.

A large head need not necessarily contain a good brain, but it is more likely to do so than a small one, says The London Daily Mail.

Prof. Frederick W. Mott, lecturing before the Royal Institution of Great Britain on "The Brain," said that although in 88 per cent of the cases in which the brains of great men had been weighed the weight was above the average, brain weight itself did not always mean brain quality.

When there was lack of the functionating tissue, the lecturer explained, the structural material might receive more than its normal share of nourishment, and the extra weight be due to overgrowth of "brain scaffolding." This accounts for the very large and heavy brains sometimes found in congenital idiots. Pointing out that the brain weight of a race long civilized surpassed that of aborigines, the lecturer stated that, whereas the ordinary European hospital patient had a heavier brain than a savage, the Chinese coolie laborer's brain, developed by centuries of use, weighed one and one-half ounces more than that of the European hospital patient.

Referring to the relative brain weights of Caucasian men and women Prof. Mott said that the female brain had a good start, weighing nearly one and one-half ounces more than the male brain at birth. In adult life however, the average man's brain weighed about five and one-half ounces more than the woman's.

The average weight of the European male brain was 2 pounds 15 ounces 9 drams to 2 pounds 16 ounces 9 drams, and of the female brain 2 pounds 10 ounces 11 drams to 2 pounds 10 ounces 14 drams. Among savages there was not this difference, since in the struggle for existence the female had to apply her brain as fully as the male; hence it was developed at practically the same rate.

CURRENT COMMENT.

The Norfolk Landmark says: "John H. Deveaux, colored, who had been collector of customs at Savannah for six years, is dead. Though he was unquestionably competent, like Dr. Crum at Charleston, and had the personal goodwill of everyone, it was an amazing blunder to put a member of his race in such a post in a Southern State. It is taken for granted that President Taft will not repeat the error."

The Washington Post says: "Mr. Bryan need not be discouraged. We would not wish to roll stones in his path. Should he be chosen at the Nebraska primaries in 1910, let him have recourse again to that modesty which he assumes so becomingly, and abide his time for a spell. Then, having served his apprenticeship, he may reasonably expect to be given the place in the Senate to which his gifts, his industry, and his opinions entitle him."

The Charleston News and Courier says: "Mr. Taft is said to be having a great deal of trouble in finding an ambassador for the court of St. James to succeed Whitelaw Reid, and it is suggested that he may have to continue Mr. Reid in the office, which he has filled with great credit to the United States and entire acceptability to the Britishers. But suppose Mr. Reid should die, what would Mr. Taft do then? Besides, what's the matter with Roosevelt? Wouldn't he suit the place exactly, that is to say if the British lion should keep his tail out of the way? Then there is Bryan, would it not be better for the peace and prosperity of the country to send him to St. James rather than to run the risk of having the State of Nebraska send him to the Senate?"

The Philadelphia Record says: "Senator LaFollette has had the probable operation of the Aldrich tariff bill figured on by the commercial experts in the Department of Commerce and Labor, and the result is that on goods the importation of which in 1907 amounted to $518,000,000 duties would not be changed. On goods that were imported in the year mentioned to the amount of $101,000,000 duties are raised and on goods of which $66,000,000 worth were imported duties are lowered. Such a bill as this is a national insult. Does anyone imagine that such a bill was contemplated by the last Republican national convention, which promised tariff revision? Does anybody suppose that the voters who supported the Republican party anticipated any such disgraceful result as this? Will any man say that such a result justifies the revision of the Dingley tariff at all?"

The Journal congratulates the Governor and the people of Florida on the re-appointment of Mr. P. K. Yonge as a member of the State board of control for the coming four years. The State University is particularly fortunate in the continued service of Mr. Yonge. There are few, if any, men who are better qualified to serve the educational interests of the State than Mr. Yonge and there are none whose hearts are more bound up in the work than his.—Pensacola Journal.

NEWS FROM ALL PARTS OF FLORIDA

Tampa's daily water consumption has been estimated at about four million gallons for the twenty-four hours.

The mango crop in South Florida promises to be very large this year and this delicious fruit will soon be ripe enough to place on the market.

The Daughters of the Confederacy of Lakeland are making a determined effort to raise money for the erection of a Confederate monument in Lakeland's pretty park.

The United States Government has commenced work on a concrete pier and dock on the Fort Taylor reservation at Key West. The work is being done by day labor and will involve an expense of not less than $50,000.

An automobile party from Fitzgerald, Ga., with at least fifty machines reached Jacksonville last Thursday. The people of Jacksonville gave a great reception to these pioneer good roads agitators. The coming of the Georgia automobile party was the biggest event of its kind in the history of the State.

The citizens of Lakeland are taking initial steps looking to the securing of certain municipal improvements. It is likely a bond election will be called shortly for the securing of $65,000 to be expended for a water works plant and extension of the present system and the building of two new schools.

"Sponge money" is again in evidence. At the sponge sales yesterday the price went above $4 a bunch, the highest price paid for sponge in some time. There were some large lots sold and the crews of the various vessels bringing their catch in to this market are happy over the prices received.—Punta Gorda Herald.

The fishing season is now practically closed. About all of the fishermen have broken up their camps down the bay and have come to town to await the opening of the fall season on August 15th. From now on until then about all the fish that will be brought in will be caught with hook and line. Hardly enough will be brought in by this method to supply the local demand and for small shipments.—Punta Gorda Herald.

W. H. Erwin of Anastasia and Hastings, gave the results from the potato crop on two of his farms at Hastings. On one farm of 45 acres he shipped 3,326 barrels, or an average of seventy-three and nine-tenths barrels to the acre. On another farm of 75 acres he shipped 3,922 barrels, or an average of fifty-two and one-third barrels to the acre. This does not include the many barrels of culls which were sold at $1.75 per barrel at the station.

Sheriff Kennerly of Putnam county has in his custody by confiscation 2,300 gallons of wine, which he took from Ben Smith at Georgetown, who was tried in Palatka last week for selling it, and placed under bond to appear at the next term of court. Smith is well-known in the Georgetown section of the county, and his present trouble is deeply deplored by his friends, many of whom reside in and near Palatka. The goods cannot be molested until after the trial, before the circuit court. After that Sheriff Kennerly will doubtless have more "friends" than supported him when he was elected to the office he so ably fills.—Times-Union.

RESULTS OF EXCURSION.

Two Negroes Reported Killed on Trip Tuesday Night.

It is said that two negroes were killed on the excursion train from Fernandina on Tuesday evening, and fighting was plentiful from the time the train pulled away from that place until it had reached its destination [illegible].

The railroad officials had not anticipated such a crowd and at nearly every station they were compelled to run by and not take on any more. Even here at Gainesville Agent Bullard refused some forty or more tickets to people who could not find room on the train.

Pete Sterling was the only white person injured on the train from this city that could be learned of, and this accident happened near Waldo, when someone, who could not be located, passed through the car and without any provocation hit the old gentleman on the head with a bottle of whiskey, making a very ugly wound. He was given medical treatment upon arrival here, and is now resting easily.

You Never Can Tell

Just exactly the cause of your rheumatism, but you know you have it. Mission of Pain.

Although looked upon as an evil, pain is kind. It tells that the laws of nature have been violated and warns us to correct the cause. If it were not for pain we would go on doing things that would destroy us. Pain is a warning that something is wrong, and instead of trying to hush the pain with some drug we should seek to remove the cause.

SERIOUS INJURY FROM A "LOADED" CIGAR

CROWLEY, La., June 16.—A practical joke Monday landed the perpetrator, Clarence Marshall, in jail here and caused the serious disfigurement of the victim, Morris Quebedeaux. A "loaded" cigar was the instrument of the joke. The explosion blew out Quebedeaux's eye and otherwise injured him. Mayhem is the charge against Marshall.

The Unemployed.

Lack of employment is not a new question. Says the Liverpool Mercury of Feb. 14, 1812: "It is of the highest importance that a committee of the legislature should immediately inquire into the causes of the present want of employment among the laboring classes and whether means might not be found in a nation of which the revenue is immense by which a succession of public works," etc. There were at that time 16,000 unemployed in Liverpool. The same writer after asking "Is war the only employment that the state has to give the poor?" goes on to show that the pyramids of Egypt and the "elegant edifices of Greece" were built with the object of "giving continual employment to the laborer."

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulets act gently and cure constipation. 25 cents. Ask your druggist.

The Ruling Passion.

His clothes said he was a tramp, but his brow was high and his manner grand. "Madam, may I request the favor of a pair of your husband's castoff trousers? These are somewhat passe." This, with a sweep of a tattered hat, brought results in the shape of a pair of hubby's oldest, which were just about two degrees better than those the tramp was wearing. After a critical survey of his acquisition, instead of the polite words of thanks the good woman was waiting for, the tramp volunteered, with a deep, long drawn sigh of regret, "Madam, I see your husband discards from weakness."—Puck.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

PARNELL'S DEATH WAS ACCIDENTAL

ACCORDING TO EVIDENCE BEFORE CORONER WILLARD.

Jerry Wills Was Exonerated of Killing the Negro at Camp Bryan. Eye Witnesses Testify.

JACKSONVILLE, Fla., June 16.—After hearing the evidence of eye witnesses at the inquest, held in the office of Justice E. E. Willard, this morning, the coroner's jury impanelled to investigate the death of Willie Parnell, a negro camp hand, employed with the Bradford county company during the State encampment at Black Point, near this city, rendered a verdict that he was accidentally shot by Jerry Wills. Wills was exonerated from all blame.

Parnell was shot on last Friday evening, near the cook tent of the company, where he was employed, and died on Saturday at the Brewster Hospital in this city. Wills was not a member of the Starke company, as first stated, but was visiting his brother, J. T. Wills, captain of the Bradford county company. Jerry Wills had formerly been quartermaster of the company, but has been acting as deputy sheriff in Bradford county.

Witnesses Agree.

Abe McCloud, cook for the company, his assistant, Alex Mack, both colored, and Capt. J. T. Wills, brother of Jerry Wills, who did the shooting, agreed upon the main facts of the shooting, told as follows:

Jerry Wills had come to Jacksonville to visit his brother at the camp and had gone to Camp Bryan, at Black Point, late Friday afternoon. The negroes were busy about the kitchen tent preparing the evening meal. Jerry, having been a member of the company in former years, spoke to the negroes, and was leaving to go to the tent of Capt. Wills, when Parnell spoke to him, calling him by the nickname of "Chief." Parnell asked him if he still had the "big gun" he carried. Wills replied that he did not have the big gun, but had a smaller one, an automatic revolver. Parnell asked how it worked, and Wills pulled out the gun and broke it to show the negro. As he snapped the gun back together it exploded a cartridge, and the negro, dropping to his knees, said he was shot.

Negro Mortally Wounded.

Jerry Wills rushed to him, saying he did not believe he had shot the negro, but on examination found the wound in the left side of the abdomen. The wounded negro was brought to Jacksonville and placed in the Brewster Hospital by Capt. Wills, who arranged for an operation. Capt. Wills stated upon the witness stand that Parnell had said he knew the shooting was accidental. Dr. Rogers spoke of attending the negro and told of the location of the wound.

No other evidence was heard at the inquest this morning, the jury finding this sufficient to render a verdict of "accidental death."

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HELPED THE CABMAN.

But Not Because He Had Driven Him Years Before.

A very old man once called to see Lord Strathcona at his offices and explained as the reason of his visit that he was the cabman who drove him to his ship when he set sail for Canada long years before.

Lord Strathcona was interested in this reminiscence of his youth and listened to the ancient jehu when he went on in a tearful voice to complain that death had just deprived him of one of two grandsons and that he himself had fallen on evil times.

Lord Strathcona soothed the old fellow's sorrows with a little money.

Again, after a time, the old man called on Lord Strathcona and this time told him that both his grandsons were down with typhoid fever and, as Lord Strathcona had helped him before, perhaps he would again. After some gossiping chat about Scotland Lord Strathcona again comforted the old man with a little money.

When he had gone an official who had overheard the conversation said:

"I hope you did not give that man any money, Lord Strathcona. When he saw you before one of his two grandsons was dead. Now he says both are ill with typhoid fever."

"Thank you very much, Mr. Jones," said the high commissioner, with a twinkle in his eye, "but do you know when I left Scotland for Canada I had no cab to take me to the ship, but just wheeled down my things myself to the dock in a barrow."—London Tit-Bits.

A SECRET SIGNAL.

The Tailor's Comment While Measuring a Customer.

"Did you ever notice how the tailors while measuring a man for a suit of clothes mix in a few letters occasionally among the numbers?" asked a downtown lawyer recently of a friend. "Whenever I have been measured for a suit of clothes the tailor always said S. B. L. in a subdued voice as he took the measure for the length of my trousers. I often wondered what this secret signal meant and on one occasion made so bold as to ask, but was put aside in some casual way, which plainly showed me that the tailor did not wish me to know the meaning of the mysterious S. B. L.

"Well, I never knew what these letters meant until one day not long ago, when I stumbled across the solution quite by accident. I was waiting to have my measure taken while a strapping big fellow was on the rack. As he measured the length of the trousers leg the tailor said, '33. S. B. L.'

"'Yes,' came back the reply from the big fellow, 'and — bowlegged too.'

"All these years tailors have been accusing me of being 'slightly bowlegged,' and I had never caught on until I was practically told the answer in the accidental way."—Philadelphia Record.

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dullness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.

Gainesville, Florida.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

TWO PIANOS AND A DIAMOND RING

Total Cash Value, $1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tieing.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for $100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for $25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

Francisco's Bargains.

For the last five or six months my business has been steadily increasing, for which I am truly thankful to the generous public and my old-time customers. By this manner you have enabled the Banana House to not only increase their stock, but sell you at a close margin and make further improvements to accommodate your trade. We are now handling fruits on ice and can serve you with cold melons and iced fruits at all times, with free delivery.

Today we will receive 100 crates of peaches which we will sell Friday and Saturday at 25 cents the basket; melons, ice cold, 10 and 15 cents; lemons 15 cents dozen; pineapples, 5 cents each; bananas 15 cents dozen; grapes 20 cents pound; California cherries, 40 cents pound—oranges, apples and other fruits in proportion. Beautiful fruit, fine display and low prices to all, so join the merry bunch at Nic Francisco's Banana House. Phone 223.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

Dr. G. B. Tison left yesterday for Ocala, to be present at the annual meeting of the State Dental Association which is now in session in the Brick City.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Oil instantly relieves the pain—quickly cures the wound.

We do not know of any other pill that is as good as DeWitt's Little Early Risers, the famous little liver pills—small, gentle, pleasant and sure pills with a reputation. Sold by all druggists.

Miss Mabel McCredie, an attractive young lady of Micanopy and one of the hard workers in the southern part of the county for the handsome piano to be given away, was a visitor to the city yesterday.

Supt. W. M. Holloway of Tallahassee arrived in the city yesterday to look after some important business matters. He is highly enthused over the bright prospects for the University the coming year.

Those desiring an evening of pleasure should attend the social which will be given at the home of Mr. and Mrs. J. R. Emerson under the auspices of the B. Y. P. U. of the First Baptist church tomorrow night. Refreshments will be served and an excellent musical and literary program rendered, only the small admission fee of ten cents being charged for all.

Sometimes you may be told that there are other things just as good as DeWitt's Kidney and Bladder Pills. That's not so. Nothing made is as good as DeWitt's Kidney and Bladder Pills for any ailments of the kidney and bladder, which always result in weak back, backache, rheumatic pains, rheumatism and urinary disorders. A trial of DeWitt's Kidney and Bladder Pills is sufficient to convince you how good they are. Send your name to E. C. DeWitt & Co., Chicago, for a free trial box. They are sold here by all druggists.

HOW ANDREW JOHNSON BECAME PRESIDENT

For Years the Grass Has Covered His Almost Forgotton Grave at Greenville, Tenn.

One of the most dramatic careers in American history was recalled to memory by the formal dedication in Greenville, Tenn., on Monday last of the national burial ground which bears the name of the seventeenth President of the United States—Andrew Johnson.

For thirty-five years the grass has covered his almost forgotten grave in this quiet little village of the dead.

Around him on every side loom the peaks of the Blue Ridge. But not less rugged were the angular outlines of his checkered life. For there was much in his character which suggested an intimate resemblance to his native mountains.

Fate was both kind and cruel to this extraordinary man. At times she stroked him with a glove of velvet. Again, she scourged him with a lash of scorpions. She lifted him to the very highest round of the ladder of fortune—giving him the office which was filled by the martyred Lincoln; but she made him shoulder his cross of anguish and walk the "Via Dolorosa."

It is doubtful if there ever lived a man who was more signally honored or more bitterly reveled than Andrew Johnson.

In the long line of Presidents reaching from Washington to Taft, he is the solitary exception among the occupants of the Federal white house to be arraigned before the bar of the Senate on an issue of impeachment.

By a single vote he escaped the brand of conviction.

But we must bear in mind the violent passions and the stubborn misunderstandings which vexed the turbulent era of reconstruction.

There was too much fever heat in the blood to admit of calm pulsebeats.

Luckily the deciding ballot was cast in judicial moderation; and posterity, without being blind to the faults of the defendant, has ratified and indorsed the verdict.

It is wholly impossible to contemplate the career of this extraordinary man without being impressed with the opportunities for distinction which are offered by our free institutions to the very humblest youth in the land.

Born of obscure parentage and bred to manual labor, this man of the people began life in the role of a village tailor. He was ignorant of the common rudiments of an English education. But he chose the right woman to be his helpmeet; and thanks to this gentle daughter of the Tennessee mountains, who guided his awkward pen, and taught him to unlock the treasuries of his mother tongue, he was soon able to discard the local vernacular.

Moreover, his ambition was fired. He gained admission to the bar; and from law he turned to politics. He became an orator of national reputation and an oracle of consummate wisdom. His fellow-citizens were only too proud to honor the man who had overcome such handicaps; and sustaining himself with splendid credit in the State Legislature, he was sent for eight years to Congress.

On account of the sharp issues of this period he naturally developed some opposition; and, knowing how strongly he was intrenched in his own district, an effort was made to defeat him by gerrymandering the State. But he boldly met the challenge by successfully making the race for Governor of Tennessee; and later he was sent to the Senate of the United States.

The gathering war clouds found him an emphatic unionist. Because of his stubborn resistance to secession and his sentiment of his State upon the issues refused to acquiesce in the majority of the conflict, he was appointed by Mr. Lincoln in 1862 War Governor of Tennessee. Events tended to make him the most conspicuous figure upon the Southern horizon in Republican politics; and when the party met in national conclave in 1864 he received the nomination for Vice-President. It was an effort to weaken the arm of the Confederacy and to win converts from the dismayed camp of Dixie following the disaster at Gettysburg.

Then rang the assassin's shot in Ford's Theatre.

Abraham Lincoln, by the infamous act of a madman, was removed from the public stage and Andrew Johnson was sworn into office by Chief Justice Chase.

The tailor of Greenville had become the President of the United States.

But he was destined to pay an exorbitant price for the Presidential honors. He was no longer popular at the South because of his avowed determination "to make treason odious." Yet it was the moderation of his policy toward the South which aroused the enmity of his party in Congress, which resulted in the atrocious military measure of reconstruction and which finally culminated in an effort to disgrace him by process of impeachment.

The position which Andrew Johnson took was that since secession was never legally recognized, the seceding States were already within the Union; but Congress was bent upon declaring them to be without the Union, until they had ratified the constitutional amendments and swallowed the unwelcome pill of negro suffrage.

In the light of subsequent developments the position of Andrew Johnson has been vindicated.

When he left the Presidential chair in 1869 he was in temporary political eclipse. Twice he was defeated for public office—first for Governor of Tennessee and afterwards for United States Senator. At last he was honored with the toga. But his health was broken; his brow was furrowed; his head was bent. Andrew Johnson was no longer the same man; and in 1875 the sod of Tennessee pressed the nerveless bosom of the old statesman.

Then came the years of forgetfulness.

But on Monday of last week ten thousand people flocked into Greenville to do him honor. Over all the country roads the wagons began at day break to race into the little mountain town. The North was there. The South was there. And not a word of bitterness was spoken. Andrew Johnson was upon the heights again!—Atlanta Georgian.

CANDIDATES POLLING HEAVY VOTE NOW

MISSES POWELL AND WAITS AGAIN SEND CLUBS TO SUN.

Interest Seems High in All Country Sections, and Merchants Are Receiving Liberal Trade.

Voting the past two days in the Co-Operative Contest has been rather heavy, but only two whole clubs by Misses Powell and Waits have been received at this office, which shows that the merchants are issuing a large number of coupons to their customers in every section, and there is hardly a day but that some party from the country is here working for votes and trading.

Within a very short while we will present more pictures of Sun workers, that the general public may have a better idea as to whom they are casting their ballots for.

To the young ladies that desire same, we will furnish them with a list of all the subscribers for their section of the county, which will assist them in securing clubs, and they can work better for new subscribers, while they will also be enabled to get the parties to renew their subscriptions through them.

GAINESVILLE WILL CELEBRATE ON FOURTH

Appropriate Program Will Be Arranged for Occasion---Low Rates On All Roads.

Saturday, July 3, will be a glorious day for the citizens of Gainesville and all the surrounding territory.

A representative meeting of the citizens and business men was held Tuesday afternoon at the offices of the Dutton Bank, when it was easily seen that sufficient funds could be raised to defray all expenses of getting up a gala day and entertaining the visitors.

Major Thomas was elected chairman and W. E. Baker secretary of the meeting, which proceeded to business after some discussion was engaged in as to the late day in which they had commenced the arrangement of a program and entertainment.

Col. Baker made a talk and stated that it would be unnecessary for the citizens here to ask for special service over the roads, for the manner in which the trains would be running at the time of the celebration would meet every requirement, and the thing now to do was to arrange the program and solicit money to defray expenses of the day's entertainment.

The amusements will consist of automobile races, sack races, greasy pole climbing, and other minor attractions, to end with a game of ball at the park in the afternoon, and probably are works in the evening.

Good prizes will be offered, and in all the day will be a scheme to induce a large per centage of the citizens from the western part of the county to come here and get better acquainted with the business men and the citizens generally, for under this new service Gainesville will appeal to them more for their purchases in the future.

An effort will also be made to secure additional low rates, and the merchants will also be asked to stand part of the fare, provided such an amount is traded with them during the day.

Cols. W. E. Baker and Ferdinand Bayer, who have already done some of the soliciting at the suggestion of the meeting, have met with remarkable success, and while only a few business men have been approached they have responded liberally, and the citizens have also agreed to help furnish the necessary funds to get up a first-class program for the day.

Ferdinand Bayer, W. E. Baker, B. M. Tench, Phillip Miller and J. D. Gardner have been named as the committee to solicit subscriptions and assist in getting up the entertainment for the day.

Another meeting of the citizens will be called within the next few days, if it is deemed advisable to further assist in getting up the day's program.

W. H. Erwin of Anastasia and Hastings, gave the results from the potato crop on two of his farms at Hastings. On one farm of 45 acres he shipped 3,326 barrels, or an average of seventy-three and nine-tenths barrels to the acre. On another farm of 75 acres he shipped 3,922 barrels, or an average of fifty-two and one-third barrels to the acre. This does not include the many barrels of culls which were sold at $1.75 per barrel at the station.

Cotton Crop Acreage Less Than Last Year

NEW ORLEANS, June 14.—The Times-Democrat, in publishing its first report on the cotton crop of 1909, will tomorrow summarize conditions as follows:

"There has been a moderate decrease in acreage, probably about 5 per cent.

"Taking the belt as a whole, the condition of the plant leaves much to be desired.

"The supply of labor is fairly adequate, as a rule, though there is a good deal of complaint in some sections."

Among the reports from the cotton belt of unusual feature is the following from Austin, Texas:

"That Central Texas is without a cotton crop, with half of the month of June gone by, may be a state of affairs difficult to imagine, yet such is the case and to the farmers of this section it is a sad reality.

"This is generally admitted throughout the State and most of the Southwest. The State Department of Agriculture in this city confirms this statement. In fact, there is so little cotton in the ground that a comparison between the acreage of this year and that of last is next to impossible. About the only cotton well grown at the present time has been raised almost exclusively by the 'hot house' method."

Little Watermelons Have Been Introduced

WASHINGTON, June 16.—Individual watermelons about the size of a cantaloupe, of delicious flavor, in color yellow and red, which can be grown in any section of this country, have been introduced through the department of agriculture by Horace G. Knowles, former American minister to Roumania, who discovered them in the foothills of the Carpathian mountains in Roumania.

For use in hotels, restaurants, clubs, on dining cars and elsewhere, the new arrival will fill a long felt want. Extensive experiments have been made by the department through its numerous stations, which prove that climatic conditions, soil, etc., in practically all parts of this country are adapted to the growth of the melon.

This season a large quantity are being raised by the Government for the purpose of seed propagation and for the introduction to the public.

It is proposed to name the new melon Princess Marie, in honor of the crown princess of Roumania, whose guest Mr. Knowles was when he discovered the melons.

LAKE NEWNAN WILL PROVE POPULAR PLACE

DAVIS AND GRAHAM PLACE NAPTHA LAUNCH ON WATERS.

Pavilion Will Be Erected and Place Be Made One of Comfort and Pleasure for Visitors.

From Sunday's Daily Sun:

Lee Graham and G. Henry Davis are among the first to install a naptha launch on Lake Newnan, which will be used exclusively for pleasure by them and their friends.

The suggestion of The Sun that a pavilion be erected at a suitable point on the lake for the accommodation of all that would like to visit such a place has met with hearty approval of a large number and steps will be taken at once for the building.

Mr. Davis stated Saturday that they were undecided yet as to the location of the pavilion, but it would be erected during this summer, and that there were a number of other boats to be ordered and placed on this beautiful body of water.

The boat ordered by he and Mr. Graham has arrived and was placed on the lake Saturday.

After they have erected the pavilion an effort should be made to secure a hard road to the lake, as it would afford much pleasure and amusement to all the citizens, besides bathing could be had there at but little cost.

PROPERTY CHANGES.

Real Estate is Exceedingly Active for This Season of Year.

From Sunday's Daily Sun:

Gainesville and Alachua county realty was never more active than at the present time, and the remarkable feature of it is the fact that it is holding up during the dull season.

Following is the list of realty transfers for the past week:

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

SHE KNOWS EVERYTHING.

The Telephone Girl Could Cause Us Lots of Trouble.

The telephone girl sits in her chair and listens to voices from everywhere. She hears all the gossip, she hears all the news, she knows who is happy and who has the blues, she knows all our sorrows, she knows all our joys, she knows every girl who is chasing the boys; she knows of our troubles, she knows of our strife, she knows every man who is mean to his wife; she knows every time we are out with the boys; she hears the excuses each fellow employs; she knows every woman who has a dark past, she knows every man who's inclined to be fast. In fact there's a secret 'neath each saucy curl of that quiet demure-looking telephone girl. If the telephone girl would tell all she knows it would turn half our friends into bitterest foes; she would sow a small wind that would soon be a gale, engulf us in trouble and land us in jail; she could let go a story (which gaining its force) would cause half of our wives to sue for a divorce; she could get all the churches mixed up in a fight and turn all our days into sorrowing nights. In fact, she could keep the whole town in a stew if she'd tell a tenth part of the things she knew. Now doesn't it make your head whirl, when you think what you owe the telephone girl?—Exchange.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." J. W. McCollum & Co.

Card of Thanks.

I desire to express to my friends my heartfelt thanks for their many kind acts and words of encouragement in my affliction in the loss of my mother, Mrs. Mary E., whose remains were laid to rest on last Saturday.

COAST LINE WRECK DELAYS ALL TRAINS

NORTH BOUND TRAIN RUN VIA BURNETT'S LAKE MONDAY.

Crews of Trains 39 and 40 Transfer at Scene of Wreck Near Kendrick Station.

From Tuesday's Daily Sun:

A wreck of considerable importance occurred on the Coast Line early Monday morning near Kendrick, which completely demoralized all travel from the south for the entire day.

The regular local freight from Jacksonville south was en route to Ocala at the time of the accident, and this was the train that was put in the ditch, or eleven cars of it, leaving only the caboose on the rails when the engineer managed to get the engine stopped.

Seven cars, all loaded with freight for Ocala, were ditched, among the number being two carloads of coal and one box car loaded with ice, while the others contained provisions and groceries.

The early passenger train, which is known as the Jacksonville business man's special, was run around by Juliette and Burnett's Lake, while both trains, 39 and 40, were run up to the scene and the passengers, express and mail transferred.

Before the engineer was aware of the accident he had run a considerable distance and torn up the track for about 400 yards and, it was not until the cars began turning over that he became aware of the trouble.

All of yesterday the wrecking crew, together with officials of the company, were present and expected to have the right-of-way cleared sometime during last night.

Fortunately no one was injured in the accident, and outside of the heavy loss to the railway company there was no damage.

LOCHLOOSA NOTES.

LOCHLOOSA, June 14.—Mrs. C. H. Shaw and children returned to their home in Ocala Friday after a pleasant stay with relatives here.

Mrs. H. V. Cassels of Island Grove spent a few days in town with relatives last week.

W. T. Ergle has received a part of his supply of tomato cans preparatory to canning his tomato crop after the prices have declined.

N. J. Jackson returned home Friday from Dade City, where he has been attending the normal school.

Mrs. F. E. Yeant returned to her home at Port Inglis Thursday after a short but pleasant stay with relatives here.

W. R. Brice, a progressive merchant of Island Grove, was in town Thursday.

The crops in this section are badly in need of rain.

T. E. Bates has erected a nice barber shop and cold drink stand on the corner of Lake avenue, next door to Colman's dry goods establishment. S. Roe has also erected a nice ice cream parlor.

E. O. Upthegrove has had much trouble with his gasoline launch but has again got it in good running order.

DICKINSON HAS FINE COLLECTION ON TAXES

MORE CASH HAS BEEN RECEIVED THAN EVER BEFORE BY HIM.

Is Now Through With His Labors and Turns Copy Over to the Printers for Publication.

Tax Collector Dickinson has completed his labors for the 1908 taxes and turned the copy over to the printer for publication of the delinquent list.

He states that he has received more cash this year than ever before in the history of his office, which is evidence that the people have been prompt in the payment of their taxes.

"While the list will be some larger," stated Mr. Dickinson, "it is not because the people have not paid, but largely due to parties who want the lands advertised that they may get a tax deed to go along with their other papers."

During the first part of the year, when the books first opened, a large number of people took advantage of the discount and either called at the office and paid up their taxes, or mailed the money, and this has been of great assistance to him.

There have also been some additions since the last books were made up, and it will also have the effect of increasing the advertising list some.

IMPROVEMENTS COMMENCED.

Contractors at Work to Finish the University Buildings.

The Eddins Manufacturing Company, who were the successful bidders on the finishings to Buckman and Thomas halls, have commenced operations and will rush the work to completion.

This contract calls for the finishing of the carpenter work, painting and oiling throughout.

In all a force of hands will be employed for a number of weeks to complete the buildings, and by that time some other improvements are likely to be ordered.

DEATH OF MRS. HAYNESWORTH.

Most Estimable Lady Passes Away After Short Illness.

Our town and community has been greatly shocked by the death on Wednesday afternoon of Mrs. J. E. Haynesworth, wife of one of our most prominent farmers and business men, J. E. Haynesworth.

Mrs. Haynesworth, whose maiden name was Edna Gertrude Spencer, of Buckingham, Va., came to Florida about six years ago as the guest of the family of Rev. W. C. Foster. She accepted a position in the Alachua High School. In this capacity she made many friends, and proved herself to be a teacher of much ability. She was greatly loved by both pupils and patrons, many of whom mourn her departure as that of a devoted friend.

On May 19, 1904, she married Mr. J. E. Haynesworth. The union was a happy one. She proved herself equally faithful and efficient as a wife, home-maker and mother, as she had been as a teacher. God blessed their home with three little boys. Soon after the birth of her last child, about three weeks ago, she was taken with blood poison, which baffled all the efforts of physicians and nurses, and to which she finally succumbed.

Her mother, Mrs. C. A. Spencer, and one of her sisters, Mrs. Leila Pierce, of Virginia, arrived a few days before her death, and were with her during her last days.

She was a consistent member of the Alachua Baptist church, and gave unmistakable evidence of her complete trust in Christ for salvation.

She seemed to have gained a new vision of Christianity on her deathbed. How often has she prayed and sang and repeated the precious promises of God's word; and expressed herself time and again as being fully resigned to God's will, and as having made a full surrender of herself to the Lord Jesus Christ. She spoke of death as being a welcome visitor, regretting only the separation from her family, especially the dear little ones that God had given her.

She was fully aware of her condition, talked freely of all her past life, speaking at length of all her mistakes and shortcomings, even mentioning by name and sending messages of love to all with whom she had been on unfriendly terms during the past. Having made, as far as it was in her power to do so, her full peace with God and man, she quietly passed away, dying as triumphant a death as was ever witnessed by the many friends who stood around her bedside.

The funeral services were conducted from the residence of the deceased at 2 o'clock yesterday afternoon by her pastor, Rev. W. C. Foster, and her earthly remains were immediately placed in the cemetery at Newnansville.

We would like to speak words of more comfort to the heartbroken mother and sister who were present when the end came, and to the other members of the family who are far away, and to the dear little children, who, in their innocence, cannot realize their loss; and also to her host of friends who mourn her departure; but we know that at a time like this words fail to soothe the aching heart. All we can do is to point their eyes to the Great Physician, who has promised to comfort and console His people, who will be with them in the sixth trouble, and in the seventh will not forsake.—Alachua News, 11th.

MARSHAL ARNOW HAS BIG CROWD MONDAY

TAKES A TURN ON NEGRO DIVES NEAR SEABOARD DEPOT.

Evidence Heard Before Mayor Davis Monday, Who Took Cases Under Advisement Until Friday.

Marshal Arnow and his assistant, Policeman Owens, rounded up quite a number of offenders on Saturday night, also taking a shot at the dives that infest the neighborhood near the Seaboard depot.

Mattie Clark, Clyde Boyd, Willie Cunningham, Nettie Hicks, John Smith, Buster Green and Steckert Murray were among the number pulled charged with disorderly houses, and the Mayor has taken the cases under advisement to render his decision next Friday.

Gus Hart, a white man charged with disorderly conduct, forfeited a cash bond of $10.

Chas. Hill, drunk, forfeited a cash bond of $10.

Ben Williams, charged with disorderly conduct, was discharged.

Marshal Arnow states that considerable complaint has been made to him lately concerning the negro houses that are allowed to run in all sections of the city, and he will from this time on endeavor to enforce the law as nearly as it is possible to do, arresting offenders in every instance where he can secure sufficient evidence of their purpose.

Bartow Clark was fined $10 for whipping his child unmercifully. It seems he has a grown daughter who is about half witted and he had applied the whip in an unmerciful manner.

BUNGER BUYS HOME.

Purchased Moyers Property on Friday and Will Move Here.

A. E. Bunger of Van Wert, Ohio, who has been in the city for the past three weeks prospecting, purchased the Moyers home on Friday and will at once have the place remodeled and repaired preparatory to moving here the coming fall.

He states that he has visited every section of the State and is better satisfied with Gainesville than any place he has seen, which resulted in his buying.

Besides himself, Mr. Bunger states that he will bring three other families here during the fall that will buy homes, and has a large number of prospectors that will visit this part of Florida with a view of locating.

Mr. Bunger is a retired farmer and his only daughter will reside with him in his new home.

INSTANT RELIEF FROM DREAD CATARRH

Why don't you get rid of that nasty, humiliating disease catarrh?

You can do it if you really want to.

But you can't cure catarrh in a few days, that's an utter impossibility, because there is no remedy known that will kill the catarrh germs in that short time.

But you can cure catarrh if you will have a little patience and breathe in Hyomei, (pronounced High-o-me) three or four times a day.

Hyomei is a powerful antiseptic and germ killer air; it is made from the fluid extracted from the eucalyptus trees of inland Australia where catarrh has never existed.

It gives relief instantly, stops hawking in a few days and is guaranteed to cure catarrh, asthma, croup and bronchitis or money back. A complete outfit, including inhaler, costs $1.00, and extra bottles of Hyomei if afterward needed, cost but 50 cents. Sold by leading druggists everywhere.

"Hyomei certainly saved my life and I accord it the credit which it deserves and merits. There is nothing too strong for me to say regarding Hyomei."—Mrs. Ada Hopkins, 8 Cutter avenue, Coldwater, Mich, August 22, 1908.

MI-O-NA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

W. J. Bryan will be a candidate for the U. S. Senate in 1911, says the editor of The Commoner. The Democratic party can now draw the easiest breath in seven years.

Judge L. J. Reeves of West Florida in all probability will be a candidate next year to succeed Senator Taliaferro. Judge W. A. Blount is also prominently mentioned as a candidate.

The ordinance against selling goods on the Sabbath now being enforced in Gainesville is nothing more nor less than class legislation. You can buy cool drinks, cigars, etc., at a hotel or restaurant, but you cannot buy these same articles at a cool drink establishment or drug store. We do not believe that this ordinance would be upheld by Judge Wills, and our advice to those against whom it so grossly discriminates is to make a test case of it.

The Legislature of 1909 is almost universally condemned by the State press as a "do-nothing" body. Well, what could be expected of a body the majority of whom were absolutely under the influence of and dominated by Broward, Barrs, L'Engle, and such ilk? It was rule or ruin with them, and had it not been for a well organized conservative minority in the Senate which outgeneraled this "anarchistic" majority in many instances, Governor Gilchrist would have had to exercise the veto power on many more drastic and freak measures than he did.

Why do intelligent white men engage in the illicit sale of liquor in a "dry" county? Three white men and several negroes were up before the session of the criminal court this week, charged with selling liquor in a dry county. These people can't possibly make anything out of the business in the long run; it is absolutely impossible for them to sell enough booze illegally to pay the wholesaler, the expense and the inevitable fine. If the writer had the making of the laws, he would impose a fine for the first conviction for selling liquor, and for the second offense commit the party convicted to the insane asylum.—DeLand News.

A few editors in the State have very greatly misconstrued a reporter's account of the scene attending the sentencing of Bexley and Osteen at Gainesville a few weeks ago, and are indulging in some uncalled-for criticism. From the reporter's statement that Judge Wills, in passing sentence, was "visibly affected," our editorial brethren have worked themselves up to the pitch of accusing the judge of making a show of maudlin sentiment. Nothing could be farther from the facts in the case. Judge Wills is a man of fine fiber. He had known the family of one of these young men from his own youth up. The memory of all these years of acquaintanceship and association naturally came into his mind. He regretted that the necessity had arisen for him to sentence the young man to penal service for a heinous crime, and said so. That is all there was to the incident.—Starke Telegraph.

THE NEW PENSION LAW.

The act passed at the recent session of the Legislature granting pensions to Confederate soldiers, sailors and their widows is published today for the information of those interested. This law was drafted by a committee composed of four old veterans who were in the service from the beginning to the close of the war and one member who was too young to participate in the war. The committee was composed of Senators D. H. Baker, McLeod, Hosford, Broome and Humphries. Senator Broome, however, refused to act with the committee and opposed any change of the law of 1907. The committee gave the matter careful consideration and made the measure as liberal as it was possible to make it, in their opinion, and provide for those who are actually in need of aid from the State. Under the old law the pension list was growing so rapidly that by the end of the year the revenue derived from the pension tax of four mills would not have provided more than about one-half the sum granted to pensioners. This would indeed have been a hardship upon the old and needy veterans and their widows, those who are well provided with worldly goods sharing equally with the needy in the distribution of the pension fund. It therefore became absolutely necessary to insert a property qualification in the law, so as to care for the needy. No one can gainsay that this property qualification is not a liberal one, and we dare say that one of the needy would refuse to swap positions with the one possessing five thousand dollars worth of property. Florida is nearly twice as liberal in granting pensions as any other Southern State, and when the home guards were included among the pensioners the burden was rapidly becoming more than the State could possibly bear. The First Florida Reserves are still entitled to pensions under the new law, and those entitled to the provisions of the act are not required to make new proof. Pensions will be paid under the old law for the quarter ending June 30, 1909, the deficiency in the funds for this quarter having been made up by transferring sixty thousand dollars from the State Board of Health fund to the pension fund.

Following is the new law as approved by the Governor:

Chapter 5885—(No. 16.)

"An Act Creating a State Board of Pensions; Defining Who Shall Receive Pensions, Who Shall Not Receive Pensions, Who Shall be Retained as Pensioners, How Applications Shall be Made, How Pensions Shall be Paid; Duty of County Commissioners in Regard to Pensions; Providing for the Levy of a Pension Tax and Authorizing the State Board of Pensions to Make Regulations to Carry Into Effect the Provisions of This Act.

"Be It Enacted by the Legislature of the State of Florida:

"Section 1. That the Governor, Comptroller and the Treasurer of this State are hereby constituted the State Board of Pensions.

"Sec. 2. Any person who enlisted and served in the military or naval service of the Confederate States during the war between the States of the United States, and did not desert the Confederate service, and who performed service in actual line of duty for a period of not less than one year, or who was in actual service at the time of the close of said war, unless incapacitated for such duty by reason of wounds received or disease contracted while in line of duty, and whose property valuation, both real and personal (including the property of his wife), does not exceed the sum of five thousand dollars, and who was a bona fide citizen of this State continuously since 1895, shall each receive one hundred dollars per annum, in quarterly payments; all such persons who lost a limb or limbs, an eye or eyes, or who is permanently disabled by reason of wounds or disease to gain a livelihood by manual labor, shall be entitled to receive each per annum, in quarterly payments, the following amounts, towit:

For total loss of sight	$150.00
For loss of one eye	125.00
For loss of a foot or leg	125.00
For loss of a hand	125.00
For loss of both hands	150.00
For loss of both feet	150.00
For loss of one hand and one foot of same person	150.00
For personal injuries, disease or age, whereby the person is unable to earn a livelihood by manual labor	120.00
For total disability, as shown by affidavit of two reputable physicians	150.00

"Provided, However, That no soldier, sailor or their widows, who were on the pension roll and drawing a pension prior to January 1, 1907, and have not since that time been stricken from said roll for valid reasons, shall be required to make other and further proof if eligible under the provisions of this Act. That the provisions of this Act shall apply to all those who were members of the First Florida Reserves, which was in the service of the State of Florida during the war between the States of the United States.

"Sec. 3. The widow of any deceased soldier or sailor who enlisted and served in the military or naval service of the Confederate States during the war between the States of the United States, and did not desert the Confederate service, and who performed service in actual line of duty for a period of not less than one year, unless incapacitated for such duty by reason of death, wounds received or disease contracted while in actual line of duty, and who has not married since the death of said soldier, and whose property, both real and personal, does not exceed the sum of five thousand dollars, shall be entitled to receive the sum of one hundred and twenty dollars per annum, in quarterly payments; provided, such widow was married to said soldier or sailor prior to 1895, and has continuously resided in this State since 1895; and also the widow of any deceased person who was at the time of his death drawing a pension from the State under the provisions of this Act, shall be granted a widow's pension upon satisfactory proof of her marriage, her residence in this State, and the death of her husband, and the pension so granted shall date from the death of the widow's husband; provided, she file her application within ninety days after the death of her husband; provided, such widow is otherwise eligible under the provisions of this Act; provided further, that any such widow shall not be required to make out the proof of her husband's service, but any such widow of any such deceased soldier or sailor who would have been entitled to a pension under this Act shall make proof if her said husband shall not already have been upon the pension roll at the time of his death.

"Sec. 4. No person receiving a pension from any other State shall be entitled to a pension under this Act.

"Sec. 5. The payment of all allowed claims shall be made from the date of the filing of the application in the Pension Department. Any person who drew a pension from the State of Florida at the time of the passage of this Act, and who is entitled to a pension under this Act, shall not be required to make new proof, and shall be paid from the passage of this Act. Payment shall not continue to pensioners during absence from this State of longer duration than twelve months.

"Sec. 6. No person who was discharged on account of being under age, or for disability, but who did not re-enlist upon removal of the said disability, or upon becoming of the required military age of eighteen years before the termination of the war, shall be entitled to a pension under this Act.

"Applicants for pensions under this Act shall make oath before an officer authorized to administer oaths and use the seal, stating the company and regiment in or ship upon which he enlisted and served, the date of his enlistment, the date and cause of discharge, his citizenship and rights to the benefit of this Act. He shall furnish the affidavits of a commissioned officer under whom, or the affidavits of two comrades with whom he served, or the transcript from the muster rolls from the Adjutant General's Office at Washington, to establish the service claimed.

"Sec. 7. The Board of County Commissioners of the county in which the applicant resides shall investigate all claims made under this Act, and report upon the application whether or not the pension applied for should be granted.

"Sec. 8. The State Board of Pensions shall furnish annually, suitable blanks for making such reports and shall file application for pensions immediately on receipt of same.

"Sec. 9. All sums required for the payment of pensions to applicants under the provisions of this Act shall be paid by warrants drawn by the Comptroller on the Treasurer of the State in favor of the applicant for the sum, to which he or she may be entitled, out of any moneys in the State Treasury raised by special levy for the payment of pensions as provided in this Act.

"Sec. 10. The County Commissioners of each county shall, at least once in each year, examine the pension rolls of their respective counties and ascertain whether or not any person on said pension roll should be dropped from same by reason of not being entitled to draw pension under the provisions of this Act, and make report of their findings to the State Board of Pensions, who are hereby authorized to drop such pensioners from the list if, in their judgment, the same should be done.

"Sec. 11. The State Board of Pensions shall forward to each pensioner a certificate that he is entitled to draw a pension, which shall be prima facie evidence to the Clerk of the Circuit Court or any other officer of the county.

"Sec. 12. There shall, annually, be assessed and collected a tax of four mills per dollar on all property liable to assessments, which shall constitute a fund for the payment of pensioners, the proceeds of which shall be applied to the payment of pensions.

"Sec. 13. That from and after the passage of this act it shall be lawful for pensioners of this State to have their vouchers approved and signed by either Clerks of the Circuit Court or by Notary Public, or any other officer authorized by law to administer oaths, having a seal.

"Sec. 14. The State Board of Pensions shall prescribe rules and regulations for the carrying out of the provisions of the pension laws of this State; see that the laws are complied with, and shall make reports and recommendations to the Governor at least thirty days before the meeting of the Legislature. Said Board shall make rules and regulations for the conduct of their business as they may deem proper, not in conflict with the spirit and purpose of the pension laws. They may employ a clerk at a salary not exceeding five hundred dollars per annum, payable quarterly out of the State Treasury on the certificate of the Chairman of said Board.

"Sec. 15. The State Board of Pensions shall, by the first day of July, A. D. 1909, or as soon thereafter as practicable, make up and certify to the several Boards of County Commissioners of the several counties of the State a complete and detailed list of all persons who may be residents of the said several respective counties, and who are now drawing a pension from this State, and also all persons who have filed their applications for such pensions and which have not been acted upon and are pending before said Board, and it shall be the duty of the said several Boards of County Commissioners, on receipt of said list or as soon thereafter as practicable, to make careful investigation of said list and make up and certify to the State Board of Pensions a list of all such persons who, in their opinion, are entitled to receive a pension under the provisions of this Act.

"Sec. 16. That all laws and parts of laws in conflict with the provisions of this Act be, and the same are hereby repealed.

"Sec. 17. This Act shall take effect on July 1, 1909.

"Approved June 7, 1909."

The Changes.

The only change of importance of the old law and the present act is to be found in section 2. The latter section of the act of 1907 reads as follows:

"Section 2. Any person who enlisted and served in the military or naval service of the Confederate States or of this State, including home guards and reserves, during the war between the States of the United States, and did not desert the Confederate or State service, and who was a bona fide citizen of this State continuously for ten years prior to date and filing of the application for pension, and who is over sixty years of age at the date of application, shall each receive one hundred dollars per annum in quarterly payments; etc."

In all other respects this section is the same as the new law.

Applicants for pensions can now make proof of service by furnishing a transcript from the muster rolls from the Adjutant General's office at Washington. This will enable some deserving veterans to make proof who could not otherwise do so, there being no survivor of their command.

THE PRESENT TAX LAWS.

That the present tax laws of Florida need a decided change, says The Pensacola News, no better proof can be offered than the following case which has come under the observation of The DeFuniak Breeze:

"Under our present tax law the Jackson Lumber Co., who allowed their lands to be sold for taxes last year, and which were certified to the State because no one would bid on them, will save about $12,000 by letting the State hold the certificate for two years and then redeem them, and of course the State and county will lose that amount. Because these lands were certified to the State they will not appear on the tax books this year or next if not redeemed, and so escape taxation altogether. It is true that the Jackson Lumber Co. will have to pay 25 per cent interest this year and 8 per cent next year on the face of the certificates, and 50 cents to redeem each parcel, but this will not amount to more than one-fourth of the taxes for the two years. It is about time we were getting a new tax law."

We would refer The DeFuniak Breeze and The Pensacola News to Section 573, General Statutes of Florida.

In the redemption of lands sold for taxes it is necessary to pay all omitted years at the last assessed valuation, with interest at the rate of 25 per cent for the first two years and 8 per cent thereafter.

The Florida Legislature has passed a law prohibiting the manufacture or sale of intoxicants within the confines of that State. Evidently public sentiment has undergone a mighty change in that sun kissed land of flowers and zephyrs since the days when the editor of The Star was struggling with the patrons of his newspaper in what at that time seemed a vain effort to convince them of the errors of booze drinking. Even in those days there was a strong temperance sentiment but it was not found in the class which represented the people in the halls of the State Legislature. We congratulate our old State on her moral progress but fear there will be a great boom in the "moonshining" industry.—Elmer J. White in The Whitehorse (Yukon) Star. Our old friend and former partner is mistaken as to the law being in force. The Legislature simply submitted the question to the people, who will vote upon it in November, 1910, and if the amendment to the constitution receives a majority vote at that time the law will take effect on July 1, 1911. There is much truth in what you say, Bro. White, as to change of sentiment since you left Florida in 1888, but pray tell us in what way, when and where, were you a "booze fighter" during your residence in the land of flowers.

Governor Gilchrist has approved an act of the recent Legislature which makes it unlawful for any person, persons, firm or corporation to pay the poll tax of another, and providing a penalty for any tax collector to receive payment for such poll tax from any person other than the one to who the same is assessed. He has also approved the new primary election law, which requires candidates to make sworn statement of all expenditures in connection with their candidacy for nomination for office, and prohibiting candidates from contributing to any charitable institution or church, etc. It is one of the most drastic measures in many other respects that could be enacted, and if it does not result in the abolition of the primary system of nominating officers, then nothing else is calculated to do so. The new law will have to be seen to be "appreciated" by the voters.

Hon. Monroe Brown, formerly of Ocala, and a candidate for Governor in 1904, has opened a campaign in behalf of removing the State Capital from Tallahassee to Jacksonville. The capital may not be removed from Tallahassee during the next ten years, but ere another quarter of a century rolls round it will certainly be located in a more central place, convenient to the people of the State.

Capt. R. M. Hudson of Orlando died suddenly at Telluride, Colo., on June 2, where he was superintendent of a large mine. He was 41 years of age, and a graduate of the old East Florida Seminary. He was familiarly known to his class mates as "Jack," and was popular with all who enjoyed his acquaintance.

REAR END COLLISION ON EXCURSION TRAIN

TWO PARSENER COACHES BADLY DAMAGED IN WALDO YARDS.

Several Passengers Slightly Cut With Glass and a Number Receive Bruises by Accident.

From Wednesday's Daily:

The Fernandina special excursion train which left Gainesville about 8:30 yesterday morning happened to an accident at Waldo which delayed them for several minutes and badly bruised up a number of the passengers.

The accident was caused by the brakes sticking on the train and the engineer in backing up ran into a freight train.

From what could be learned, the train that was backing up was running at a considerable rate of speed, as it demolished two of the passenger coaches, shaking up the occupants pretty badly. Nothing serious is reported, however.

Following the accident, the crew picked up three extra coaches and the train was soon on its journey to the Island City with a delayed but happy crowd.

Why Take Alcohol?

Are you thin, pale, easily tired, lack your usual vigor and strength? Then your digestion must be poor, your blood thin, your nerves weak. You need a tonic and alterative. You need Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. We believe your doctor would endorse these statements, or we would not make them. Ask him and find out. Follow his advice. *J.C. Ayer Co., Lowell, Mass.*

The endorsement of your doctor will certainly greatly increase your confidence in Ayer's Pills as a family laxative. Liver pills. All vegetable. Ask your doctor about them.

RESULTS OF EXCURSION.

Two Negroes Reported Killed on Trip Tuesday Night.

It is said that two negroes were killed on the excursion train from Fernandina on Tuesday evening, and fighting was plentiful from the time the train pulled away from that place until it had reached its destination at Archer.

The railroad officials had not anticipated such a crowd and at nearly every station they were compelled to run by and not take on any more. Even here at Gainesville Agent Bullard refused some forty or more tickets to people who could not find room on the train.

Pete Sterling was the only white person injured on the train from this city that could be learned of, and this accident happened near Waldo, when someone, who could not be located, passed through the car and without any provocation hit the old gentleman on the head with a bottle of whiskey, making a very ugly wound. He was given medical treatment upon arrival here, and is now resting easily.

Arrested for Larceny.

Deputy Sheriff Bruton arrested Sam Branch, a negro charged with the larceny of a coat from Moses Edelstein a few weeks since, but who was only apprehended Wednesday. Sheriff Ramsey also picked up a negro by the name of Swanson, who was wanted for larceny of clothes from C. C. Warren. Both cases will probably be heard before Judge Mason today.

GALA DAY FOR TRENTON.

Business Men Have Arranged for Elegant Program on July 3rd.

The business men of Trenton have arranged for a grand celebration at that place on Saturday, July 3rd, and extend an invitation to the people of all the surrounding territory to be present on this occasion.

A grand old-style old-fashioned picnic will be given by the good people of that section, which is noted for its royal hospitality, and the business men have generously donated to make the day one of pleasure for all that attend.

Speakers have been requested to address the gathering, among the number being Capt. G. M. Lynch and W. W. Colson of Gainesville, and a brass band will be secured to dispense sweet music for the day, probably the Gainesville Brass Band, who have already been written to for their services.

This event will be a glorious celebration of the Fourth, but as that falls on Sunday, it was deemed best to have the exercises on the Saturday preceding.

NEW AUTOS ARRIVE.

Drs. Lartigue and Dell Both Have Handsome Runabouts.

Another car load of automobiles arrived in the city yesterday which were ordered through the agency of Lartigue & Lilienblum, who will handle the Ford car exclusively.

The machines that arrived yesterday are the property of Dr. J. M. Dell, Dr. Lartigue, R. E. Lartigue and B. Lilienblum, the latter car to be used principally as a demonstrating car.

SERIOUS SHOOTING NEAR ARREDONDO

BOYSER GEORGE WOUNDS ED SOLLAR TUESDAY NIGHT.

Had Previously Had Some Words Over a Woman, and Began Shooting After Leaving the Train.

Ed Sollar was brought here yesterday from Arredondo, having been seriously shot by Boyser George, another negro, shortly after both parties had left the train at Arredondo Tuesday night.

They had previously engaged in hot words over a woman, Rebecca Gibbs, and the shooting was the direct cause of the trouble between the two men, both of whom had been drinking during the day and were more or less under the influence of "booze" at the time.

Rebecca stated that she was employed by Sollar to do his cooking, and George was jealous because she would not wait upon him, and for this he managed to pick a quarrel between them on the train, but failed to go further with the affair until after they had reached Arredondo.

He first made his attempt to kill her, drawing the pistol and stating that unless she would quit Sollar and go with him he would kill her, whereupon Sollar appeared upon the scene and at once began firing at the man, emptying his gun of five rounds, part of which took effect in the right thigh.

Following the shooting George made his escape and had not been captured up to a late hour yesterday, but it is thought that he is only laying out hiding until a few days, when he will again put in his appearance.

CAPT. BLANDING AND HIS MEN RETURNED

BROKE CAMP EARLY TUESDAY MORNING FOR THEIR HOMES.

Well Pleased With Their New Site, Located Thirteen Miles West of Jacksonville.

From Wednesday's Daily Sun:

Capt. J. W. Blanding, together with his company of forty-seven men, returned to the city Tuesday, a tired but happy crowd of soldiers. They have been off for the past ten days attending the State encampment.

Capt. Blanding states that it was one of the most pleasant gatherings the boys have had for a large number of years, and that everything passed off very pleasantly at the State camps, nothing occurring to mar the happiness of the crowd that had been called together.

In all there were two regiments located at Camp Bryan, and two fine regimental bands were present to furnish music for the boys during the day. Located on a high bluff overlooking the St. Johns river made it an excellent location for the soldier boys to get good hard work.

Two practice drills were held daily during the encampment, about two and a half hours each morning and one hour in the afternoons, which gave the boys a great deal of good active exercise and not so much time for the numerous pranks and jokes that are always indulged in on occasions of this nature.

It is estimated that there were about 1,200 men in all assembled together from every section of the State, which made it rather a large but happy family. Being easily accessible to Jacksonville a large number of visitors were present at all times, and excursions were run via boat to and from the city at only 20 cents for the trip, while automobile and carriage parties were numerous.

WINDSOR ITEMS.

WINDSOR, June 14.—Green corn, watermelons and tomatoes seem to be in the ascendancy just now.

The recent showers have benefited all vegetation, and the crops are giving promise of a good harvest for this section. Corn and cotton are looking especially promising. If we only had better roads we could get more of our surplus crops to the markets. This calls to mind that there were a lot of promises made last year about improving roads in the east end of the county, but so far the roads are about the same as they were, only a little worse. The East End generally is feeling as though there is something due them in the way of better roads. Especially a little more hard-surfaced roads.

Miss Hall of Orange Heights has been spending some time here as the guest of Miss Clara Thomas.

R. R. Rosborough of Jacksonville passed through here and made a short visit recently.

On the 2nd inst. Mr. and Mrs. E. R. Zetrouer were made happy by the arrival of a little daughter.

O. R. Green cut the best bee tree so far reported this year. The tree was a large slash pine growing on the edge of Gum Root swamp and it contained about 15 gallons of honey. The cavity in the tree was in places fourteen inches in diameter and six or eight feet long and was completely full of fine comb honey. There have been several bee trees cut near here recently, but none of the rest held much over a gallon of honey.

Anyone in this neighborhood who has beef cattle for sale should see Wm. Adams between now and the morning of the 18th, as he is getting up a herd of about 200 head to send to Jacksonville.

THE STATE UNIVERSITY TO HAVE LAW SCHOOL

TALLAHASSEE, June 14.—The appropriation bill which has been signed by the Governor contains a clause appropriating money for the higher institutions of learning. This clause was carefully considered by the Governor in the presence of a joint meeting of the boards of education and control.

It was only after an exhaustive examination into the deeds of these institutions, during which Mr. Bryan, of the Board of Control, was called upon to answer innumerable questions, that the Governor, in the presence of the two boards, signed this bill.

Law School.

Mr. Bryan asked for, and, after some discussion, received for the Board of Control authority from the Board of Education to establish a law school at the State University. This is not to be done immediately, however, but plans are to be perfected so as to be put into effect as soon as practicable. As the study of law is considered a special course, the student in this department will be required to pay a small yearly fee.

The establishment of a law department in the University has been a pet idea of Mr. Bryan's for some time, and he was manifestly pleased that his appeal to the Board of Education met with such ready response.

Meeting with the boards were: Dr. Murphree, president of the University; Dr. Edward Conradi, president of the Woman's College, and Prof. Rolfs, director of the Experiment Station at the University.

Later the Board of Commissioners of State Institutions met in joint session with the Board of Control, and in the distribution they made of the amounts appropriated for the use of the University eighty thousand dollars was voted to the erection of a new building for the use of the Experimental Station, and one for the department of science.

Mr. Bryan asked this expenditure as being very urgent, the need for these buildings being even greater than the need of a new academic building for the Woman's College.

Georgia Legislator Doesn't Expect Prohi. Agitation

ATLANTA, June 12.—Hon. J. Randolph Anderson of Savannah, one of Chatham's new members of the Legislature, spent yesterday in Atlanta. Discussing the prospect of prohibition legislation at the coming session, he said:

"I do not anticipate that the prohibition question will be agitated at the summer session of the Legislature. I believe the different factions or elements will be content to let the law stand just as it is."

The Chatham county legislator did not believe that the so-called "near beer" problem would precipitate any legislation either.

Concerning other matters of legislation Mr. Anderson expressed the belief that much would depend upon the recommendations of the administration.

Work on Extension Is Progressing Rapidly

KEY WEST, June 15.—The track-laying gang has already completed their work across Pine Key and they are now laying the iron at a rate of a mile a day. The road bed is ready for the track down to Niles channel, there they will have to wait until the fill recently made hardens out. While waiting for the fill across the channel to get into condition the gang will go back over the track already laid and put in siding and spurs where needed. Once they are across Niles channel they will bring the road toward Key West a mile nearer each day. The construction train should reach Key West not later than the first of October.

NEGRO DIES OF WOUND INFLICTED BY SOLDIER

Camp Bryan the Scene of Shooting Which is Claimed to Be Accidental.

The Jacksonville Metropolis of last Monday says:

"Willie Parnell, a negro employed about the camp of the Starke, Fla., company at Camp Bryan, at Black Point, near this city, where the State troops are holding an encampment, died at 3:30 o'clock Saturday afternoon at Brewster Hospital from a gunshot wound, said to have been accidentally inflicted by a member of the company, a young man named Wills, son of Judge Wills of Starke, Fla.

"Parnell was shot on Friday night, and brought to the hospital, where he died without making any statement. Although the shooting was evidently seen by a number of State militiamen, no statement could be secured as to the exact manner in which the accident, if it was an accident as supposed, occurred. Parnell was hit in the stomach, and every effort was made at the hospital to save his life.

"Justice E. E. Willard of this city, when apprised of the negro's death, impaneled a jury composed of the following men: H. I. Chambers, J. A. Hewlet, J. H. Morton, E. J. G. McLaurin, H. E. Lee and L. F. Brothers. Deputy Sheriffs Frank and Ben Jones were sent to Camp Bryan to make an investigation of the shooting and subpoena witnesses for the inquest, which will be held on Wednesday morning at 11 o'clock.

"The body of the dead negro was turned over to the undertaker, and was shipped to his home at Starke last night. Young Wills has left the camp, according to the officials here, and has gone to his home in Starke, where, it is understood, he is a deputy sheriff. Sheriff Bowden has notified the Starke authorities. Young Wills will be arrested and held pending the investigation of the case. Should the jury find that the shooting was accidental after hearing the evidence, young Wills will be released."

Of Special Interest to Dealers in Stock Feed

TALLAHASSEE, June 14.—As there seems to be some misunderstanding concerning the application of our stock feed law as it applies to "mixed feeds," when the mixture is composed of different grain, the following ruling of this department on "mixed grain" is hereby given:

Ruling on Mixed Grain.

Attention is called to Section 11, Chapter 5452, Laws of Florida, Acts of 1905, and Chapter 5661, Acts of 1907, as amended, relating to "Mixed Feed," which includes all mixed grain, and also to notice of Judgment No. 58, United States District Court, Northern Division, Eastern District of Tennessee, "Adulteration and Misbranding of Oats" (mixed with barley.)

The following regulation, under Section 15, Chapter 5452, Laws of Florida, is hereby reaffirmed and established:

All mixed grain consisting of two or more kinds of grain shall be tagged "Mixed Feed" or "Mixed Grain," and shall bear the chemical analysis as provided in Section 3, Chapter 5452. Shall also state the ingredients from which it is compounded, with the proportions by weight of the various grains therein. No double or scale grades of per cents will be allowed, such as 10 to 40, 20 to 50, etc. The minimum amount of the base or principal ingredient of the feed and the maximum per cent or amount of the mixture added must be definitely stated. In the case of oats and barley there must not be a less percentage of oats nor more barley than is specifically named on the guarantee tags.

MELON MOVEMENT IS NOW AT ITS HEIGHT

NOT CARS BUT TRAINLOADS MOVING FROM THIS SECTION.

From Three to Five Trains Daily Over the A. C. L. and About the Same Number on the Seaboard.

The melon and cantaloupe movement from this part of Florida is now at it highest, for nearly all sections are shipping this fruit with fine results being obtained.

It has long since passed simple carloads, and from three to five extra melon trains are run each day over the A. C. L. from Ocala to this city, while it is about the same ratio over the Seaboard, the greater part of this fruit coming from the Evinston and McIntosh sections.

From Gainesville proper a large movement is now on, and the Gainesville Melon Growers' Association handle from this city an average of five cars of cantaloupes daily, securing good prices for them before they are shipped from the city.

Williston and all points along the line of the Seaboard which ship tarough this city have finished up their crop with the exception of the melons, and this is now keeping them very busy.

There was not as large an acreage of melons planted here this season as formerly, and the weather having cut them far short the crop will be exhausted within a very short while.

BABY'S PITIFUL CASE OF ECZEMA

Summer Rash Became a Dreadful Itching Humor—Big Blisters Formed and Skin Grew as Hard and Rough as Bark—Scratched and Tore Flesh till Blood Ran.

ALMOST MAGIC CURE BY CUTICURA REMEDIES

"Our son, two years old, was very much afflicted with a breaking out or what looked to be a summer rash. I applied the usual remedies, such as washing with soda water and powdering with boric acid. Finally, after he suffered with the trouble several weeks I took him to the doctor. He said it was merely a rash that was quite prevalent, and that I was giving the right treatment and that I should just continue it and the baby would soon be all right. But instead of getting better it was getting worse. The rash ran together and made large blisters. The little fellow didn't want to do anything but scratch and we had to wrap his hands up to keep him from it as he would tear the flesh open till the blood would run. The itching was intense, causing loss of appetite and flesh. When it seemed to hurt him most the skin on his back became hard and rough like the bark of a tree so that rubbing or brushing would not break it. He was so feverish that I thought it a bad case of eczema. He could not wear any clothes but a little nightgown with the sleeves just fastened at the top of the shoulder. He suffered intensely for about three months. But I found a remedy in Cuticura Soap for bathing and Cuticura Ointment with which I anointed the sore places. This kept the rash from spreading and in less than a week the result was almost magical. That was more than two years ago and there has not been the slightest symptom of it since he was cured. I am never very long without Cuticura Soap as my family knows the value of it and don't like a substitute. J. W. Lauck, Yukon, Okla., Aug. 28 and Sept. 17, '08."

Millions of women throughout the world use Cuticura Soap and Ointment for eczemas, rashes, itchings, irritations, inflammations, chafings, pimples, blackheads, dandruff, dry, thin and falling hair, sanative, antiseptic cleansing, and for all the purposes of the toilet, bath and nursery.

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

What Has Happened and What is Going to Happen—Personal and Social Items of the City.

From Tuesday's Daily Sun:

GOFLY keeps flies off horses and cattle. 25 and 50c. At all drug stores.

C. W. Wells of Alachua was shaking hands with his many friends here yesterday.

R. F. Waldron of Newberry was shaking hands with his many Gainesville friends yesterday.

Attention is directed to the new advertisement of J. J. Williams, the mail order whiskey house of Jacksonville.

Mr. and Mrs. F. M. Prewitt and children visited relatives at Waldo Sunday, returning in the afternoon.

T. L. Blanton of Newberry is among the visitors to Gainesville, having been summoned here on some business matters.

Al Taylor, son of Mr. and Mrs. Geo. L. Taylor, of the Gainesville Peach Orchard at Palmer, was trading in the city yesterday.

Drs. Fred Rock and Guy Mixson are spending a few days in Ocala attending the state meeting of dentists and taking the examination.

W. L. Beck and family left Sunday for Campville, where the latter will spend the next several days. Mr. Beck returned on the afternoon train.

Miss Maude Fisher of North Gainesville left yesterday for Indiana. She goes to join her mother and other members of the family who are now visiting in that State.

Dr. Geo. S. Waldo will attend the meeting of the State Dental Board of Examiners at Ocala this week and will be absent from his office Thursday, Friday and Saturday.

I. S. Futch of Alachua was in the city yesterday. He states that the Hague section was blessed with a fine rain Monday, while his section has had none for three weeks.

Roy Edwards, who has been here for the past several months employed as book-keeper for C. V. Simpson, has resigned his position and left yesterday for Jacksonville.

Voyle & Voyle is the style of a new real estate firm which announce ready for business in this issue of The Sun. They will handle farm and dwelling lots and sell your city property for a reasonable commission.

W. C. Beville of Arredondo was in the city yesterday. He is just recovering from a broken leg, which was caused by a horse kicking him. His many Gainesville friends deeply sympathize with him in his misfortune.

James, the little son of E. L. Cushman, had the misfortune to fall and break his arm Monday while engaged at play. He was climbing on a banister, when he slipped and fell to the ground. Drs. DePass and Dell were called and set the wounded member.

Mr. and Mrs. Robert Baker of Hawthorn were visitors here Sunday, departing for their home yesterday. It will be remembered that they were only recently married, and are returning to their home from their bridal tour to several important places in other States.

J. F. Bunch is in receipt of a telegram announcing the fact that Rev. T. S. Hulbert of Douglass, Ga., will arrive in the city during the week for the purpose of preaching for the members of the Baptist church on next Sunday, both morning and evening. He has a wide reputation and will doubtless have large audiences.

Lee Bradford, nephew of W. M. Bradford, an old Gainesville boy who is well-known to many of the older citizens of this city, is visiting his uncle for a few days. He is now residing at Thonotosassa Lake, near Tampa, where his friends will be glad to learn he is prospering. The editor of The Sun was pleased to receive a call yesterday from this old friend of boyhood days.

The Sun has been requested by members of the Society for the Prevention of Cruelty to Animals to warn owners of horses about hitching their animals in the sun, as they are liable to arrest in so doing. The weather is now hot and it is unjust to compel horses to stand for hours in the sun when there are many shady places that can be utilized.

Mrs. Smallbones and sisters, Misses Mary and Fannie Wells, left yesterday for the former's home in Wilmington, N. C. Miss Mary will proceed from Wilmington to Philadelphia, where she will take a postgraduate course as a professional nurse, while Miss Fannie will remain in Wilmington for some time with her sister in the hopes of restoring her health, which has been greatly impaired by an attack of typhoid fever.

From Wednesday's Daily Sun:

V. H. Bell of Waldo was among the shoppers visiting the city yesterday.

Five or 6 doses "666" will cure any case of Chills and Fever. Price 25c.

Calhoun Waits of Hawthorn was among the visitors to Gainesville yesterday.

I. C. Cochran of Lochloosa was among the visitors to Gainesville yesterday.

Miss Ruby Sparkman of Waldo was among the shoppers in the city yesterday.

Capt. B. W. Waits of Hawthorn was in town yesterday and made The Sun office an agreeable call.

Mr. and Mrs. H. Maddox and little son, Chase, of Archer, were among the shoppers here yesterday.

Mrs. R. L. Boule left yesterday for Alachua, where she will remain for the next few days visiting her parents and other relatives.

H. C. Roth has returned from a short trip to Gettysburg, Pa., where he was called to attend the funeral services of his father.

Miss Agnes Zetrouer of Rochelle was here yesterday. She was en route to her home from Waldo, where she spent the past few days with friends.

Roy Manasse and Clarence Wertheim have returned from a visit of a week to Memphis, Tenn., where they took in the exercises of the Confederate reunion.

Mrs. Mirah Turner of Alachua was in the city yesterday. She was en route to her home from Starke, where she has been visiting her aunt, Mrs. W. T. Weeks.

Mrs. T. Denby, accompanied by her daughter, Miss Claire, arrived in the city from Jacksonville yesterday to pay a short visit to friends and incidentally be present at the marriage of Miss Fennell to Dr. Waldo.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulets act gently and cure constipation. 25 cents. Ask your druggist.

W. W. Jeffords, who has been making Gainesville his home for the past year, left yesterday for New Mexico, where he will in future reside. He will stop off for a short visit to friends in Tennessee en route to his new home.

S. R. Chitty and wife of Micanopy were among the shoppers visiting here yesterday. Mr. Chitty states that business is exceedingly good in his hustling little city and that all the farmers are better off financially than for years.

Mr. and Mrs. G. F. Shawl of Alachua have issued cards announcing the marriage of their daughter, Miss Edith, to Mr. Samuel Hampton Register, the happy event to take place at their residence on Wednesday, June 30th, at 1 o'clock.

Mr. and Mrs. J. F. Haigler have returned from a pleasant visit of several weeks to the former's home in South Carolina. Mrs. Haigler will visit her mother, Mrs. Geo. R. Ellis, for a short while before proceeding to her home at Leesburg.

J. B. Simonton of Micanopy was a visitor to the city yesterday. He has completed his business at Micanopy and is now en route to his peach orchard located in Georgia, to remain during the rest of the season superintending the shipment of his crop.

G. W. Livingston, deputy sheriff of Newberry, was in the city yesterday. He came for the purpose of interviewing State's Attorney Rivers in reference to securing witnesses for the state against the negro recently arrested by him charged with killing another negro at Komoko.

N. C. Pettit, formerly of Waldo but who is now engaged in the brokerage business at Tampa, was crossing palms with his Gainesville friends yesterday. He is now looking after some business matters at his old home. There is not a better man in all Florida, and The Sun would be pleased to see him again take up his residence in Alachua county.

From Thursday's Daily Sun:

Keep your eye on the want ads. There may be something advertised which is of interest to you.

Misses Ethel and Mozelle Durst have returned from Jacksonville, where they spent the past week visiting friends.

W. H. Sealey and family of Alachua were in the city yesterday. They were en route to Daytona Beach to spend the next week or so.

Miss Katie Boulware has gone to White Springs, where she expects to remain for the next several weeks visiting friends and relatives.

Clarence Thomas of Newberry was among the visitors to the city yesterday. He made the trip through the country and states that the roads are very dry and dusty.

Chas. Stevens of Alachua, one of the most extensive planters of that section, was transacting business in the city yesterday. He says rain is badly needed in his section.

Bess Brown was among the planters of the Newberry section that visited the city Wednesday. He has a fine crop and states that prospects are bright for an abundant yield.

E. Stringfellow of Alachua was here for a short while yesterday. He had just returned from a visit of a couple of days to St. Petersburg and states that he enjoyed the visit immensely.

Miss Mabel McCredie, an attractive young lady of Micanopy and one of the hard workers in the southern part of the county for the handsome piano to be given away, was a visitor to the city yesterday.

E. C. Crosby of Newberry was a visitor to Gainesville yesterday. He says his section is very dry and crops are suffering for rain, but are looking well at that. While here he renewed his subscription to The Sun for another year.

If you want to get large values in millinery for the next few weeks just call around and make your selections. I have the largest stock in the city to select from, and can and will save you money on all of your purchases. Mrs. F. T. McCormick.

Mr. and Mrs. W. A. McGriff of Lakeland arrived in the city yesterday and will spend the next several days here as the guests of the latter's parents, Mr. and Mrs. P. M. Colson, who are now residing on W. Liberty street, near the University.

J. M. Turner of Micanopy was among the visitors to Gainesville yesterday. Jim says that if the Pensacola people really want gophers he can supply them with a carload at the proper price. He cannot understand why anybody wants to protect the "darned gopher."

Those desiring an evening of pleasure should attend the social which will be given at the home of Mr. and Mrs. J. R. Emerson under the auspices of the B. Y. P. U. of the First Baptist church tomorrow night. Refreshments will be served and an excellent musical and literary program rendered, only the small admission fee of ten cents being charged for all.

NEGRO LYNCHED NEAR ARCADIA ON TUESDAY

ATTEMPTED CRIMINAL ASSAULT CAUSED QUICK JUSTICE.

Negro Was Found Near the Scene of Crime and Lynched an Hour After Brutal Act.

TAMPA, June 16.—Word reached here just before the telegraph offices at Arcadia were closed that a negro was lynched there late yesterday afternoon for an attempted criminal assault on Mrs. P. R. Reed, wife of a prominent citizen of Arcadia. A posse was formed as soon as the news of the attempted crime spread and within an hour the negro was captured within a short distance from the scene of the crime and lynched. This makes the second lynching for attempted criminal assault in this section in the last six weeks.

PINKOSON MAKES A CATCH AT NEWBERRY

DEPOT WAS ENTERED AND HE CLEVERLY LANDS PARTY.

Caught Him Tigering Some of the Booze That Was Taken from the Place.

Special Agent Pinkoson of the Atlantic Coast Line has returned from Newberry with Jim Wilson, a negro, in charge, having been found in possession of a quantity of whiskey stolen from the warehouse at that place during the first of the week.

The officer was notified of the theft of the whiskey and clothing, which was taken by the depot being broken open at night, and he went immediately to the scene and worked up the case against the negro.

He found the man not only in possession of some of the whiskey, but also caught up with his having sold some of the same, but was unable to locate any of the clothing.

This is only one among quite a number of fine cases the officer has worked up within the past few months, and he is proving one of the most successful men ever employed here in this line. It is really seldom that he is placed in charge without some result, and the above case is a fair sample of the rapid manner in which he goes after them.

If the darkey had any accomplices in the case of breaking and entering it has not been learned.

CAN'T BUY WHISKEY ON CREDIT IN GEORGIA

ATLANTA, Ga., June 16.—In an opinion rendered Tuesday, the court of appeals holds that a transfer of whisky, upon a promise of pay at some future day, constitutes a legal sale, and is therefore in violation of the prohibition law. W. S. Finch of Rome was convicted of violating the statutes, and appealed the case on the ground that he received no money for the whisky he was alleged to have sold. This point was overruled, but the court reversed the decision because of the introduction at the trial of irrevelant testimony calculated to be prejudicial, and Finch will get a new trial.

HYDE'S MILL END SALE.

Will Commence On Next Friday and Continue for Ten Days.

Shepherd B. Watson, representing the Mill End Syndicate, is here making arrangements for a mammoth Mill End Factory Sale at the big store of the G. W. Hyde Company, which is announced to start on Friday, June 18th, and continue for ten days.

The store will be closed all of today to mark down and place the goods in readiness from the factories, as well as the mammoth stock now carried by this big department store.

Read the announcement which is to be found elsewhere in today's paper.

"Sponge money" is again in evidence. At the sponge sales yesterday the price went above $4 a bunch, the highest price paid for sponge in some time. There were some large lots sold and the crews of the various vessels bringing their catch in to this market are happy over the prices received.—Punta Gorda Herald.
